Principal's Message

Our county has had to face a tremendous problem this year. Forrest High School differs from other schools in that in facing this problem, the administration, the faculty, the students, and the parents are standing together to overcome our situation.

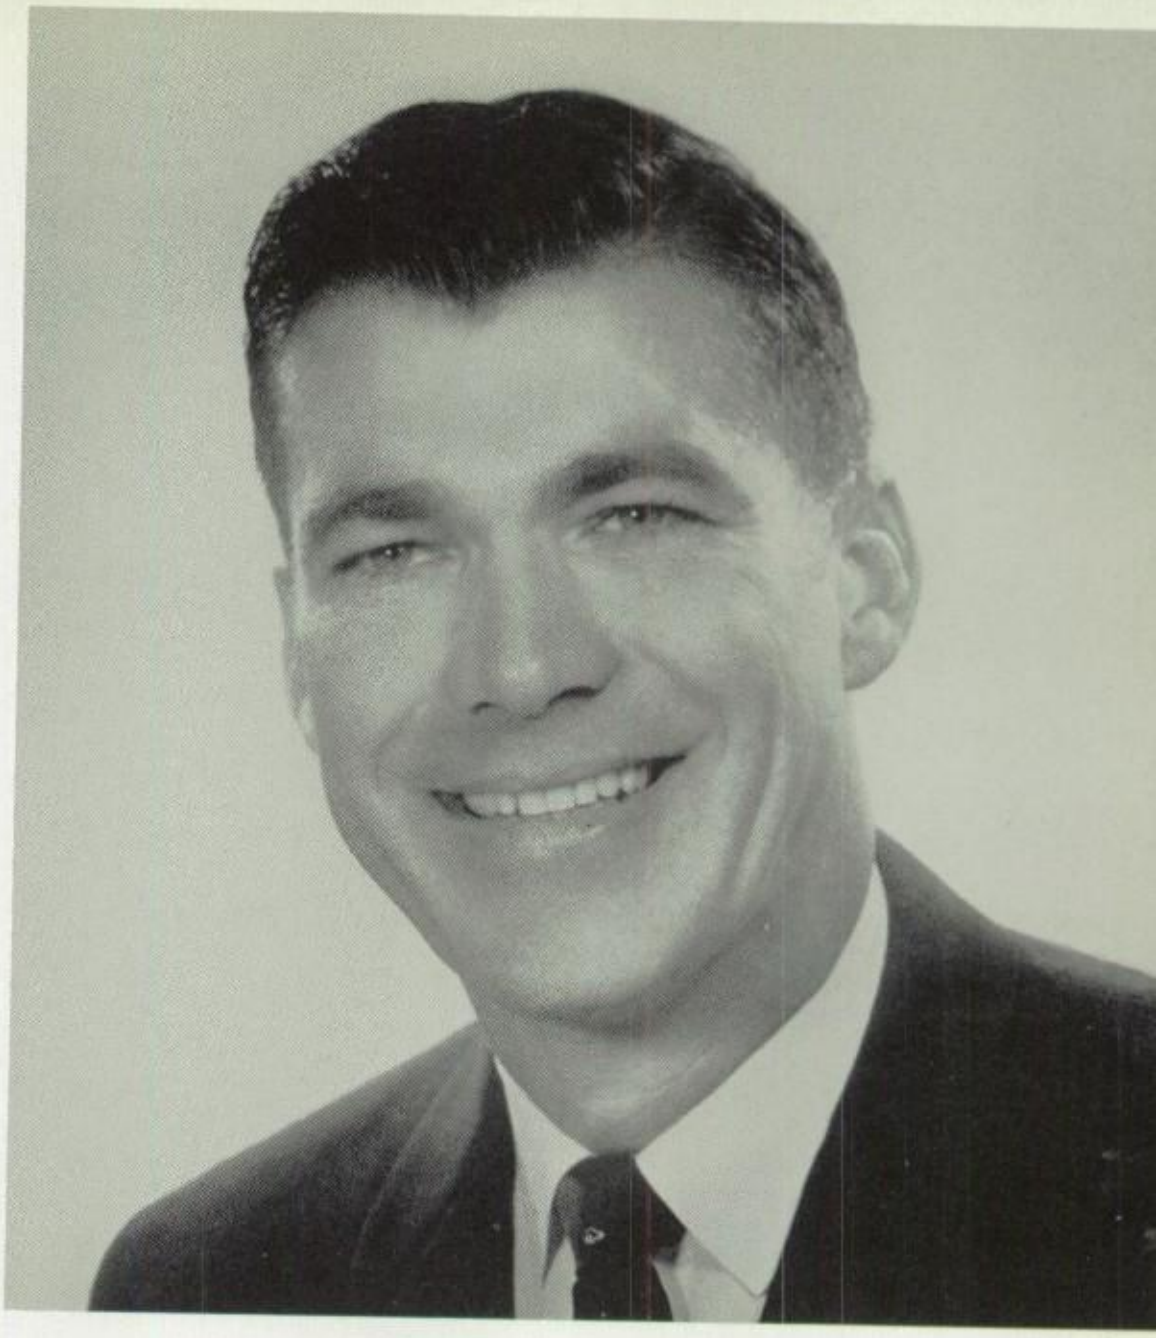
We, of Forrest, have not lowered our standards. If anything, we have worked together to raise them. We have quality instruction and quality students.

In answer to the question—What can I do about non-accreditation?—most students have answered, "I can take advantage of the opportunity given to me to learn." Teachers have answered, "I can seek to improve my teaching through study and an understanding of my students."

As we know, improvement with each individual means improvement overall.

I would like to express my appreciation to you for your dedication, labor, and service to our school. We can continue to be an outstanding school with your interest, energy, and spirit.

W. C. Parker
Principal



Assistant Principal's Message

Whether you become a world leader or simply one who only votes for them, a person somewhere in between these two extremes, depends largely on the extent and quality of education you get.

With the population explosion putting more and more people into the labor pool—with automation changing jobs from physical to mental—with the world in need of information to relieve it of the tensions of cold wars, races for space, nuclear bomb—struggles for human dignities and liberty—the gaining of an education is no longer a privilege, to be pursued or not, depending on personal whims, but a solemn duty of every young person in every society.

Whether or not you are in school or about to get out, you will continue a learning process—engage it with such vigor that you can take your rightful place in our future "Great Society" of the United States.

Ray A. Stasco
Wittenburg University,
University of Florida, B.S., M.S.

Dean of Girls' Message

"FORREST IS PEOPLE"

For six years now administration, faculty, students, have strived together to make Forrest the educational institution of which we are so proud. The least and the greatest contributions of these "people" ARE Forrest. May your activities cause Forrest to grow ever upward and onward—a people and a school which are an example to all!

Assistant Dean of Girls and Guidance Counselor's Message

As you leave the halls of Forrest I wish you could take this one last thought with you. The realization that the discipline we imposed upon your individual liberties was simply an additional educational course that will not appear on your report cards, but nevertheless will be a lesson upon which you will be graded for the rest of your life—this lesson is the ability to discipline yourself.

The miracle of self discipline is the key to life's treasure vaults, for without it the temptations of the moment will cause you to hesitate and lose sight of your goals.

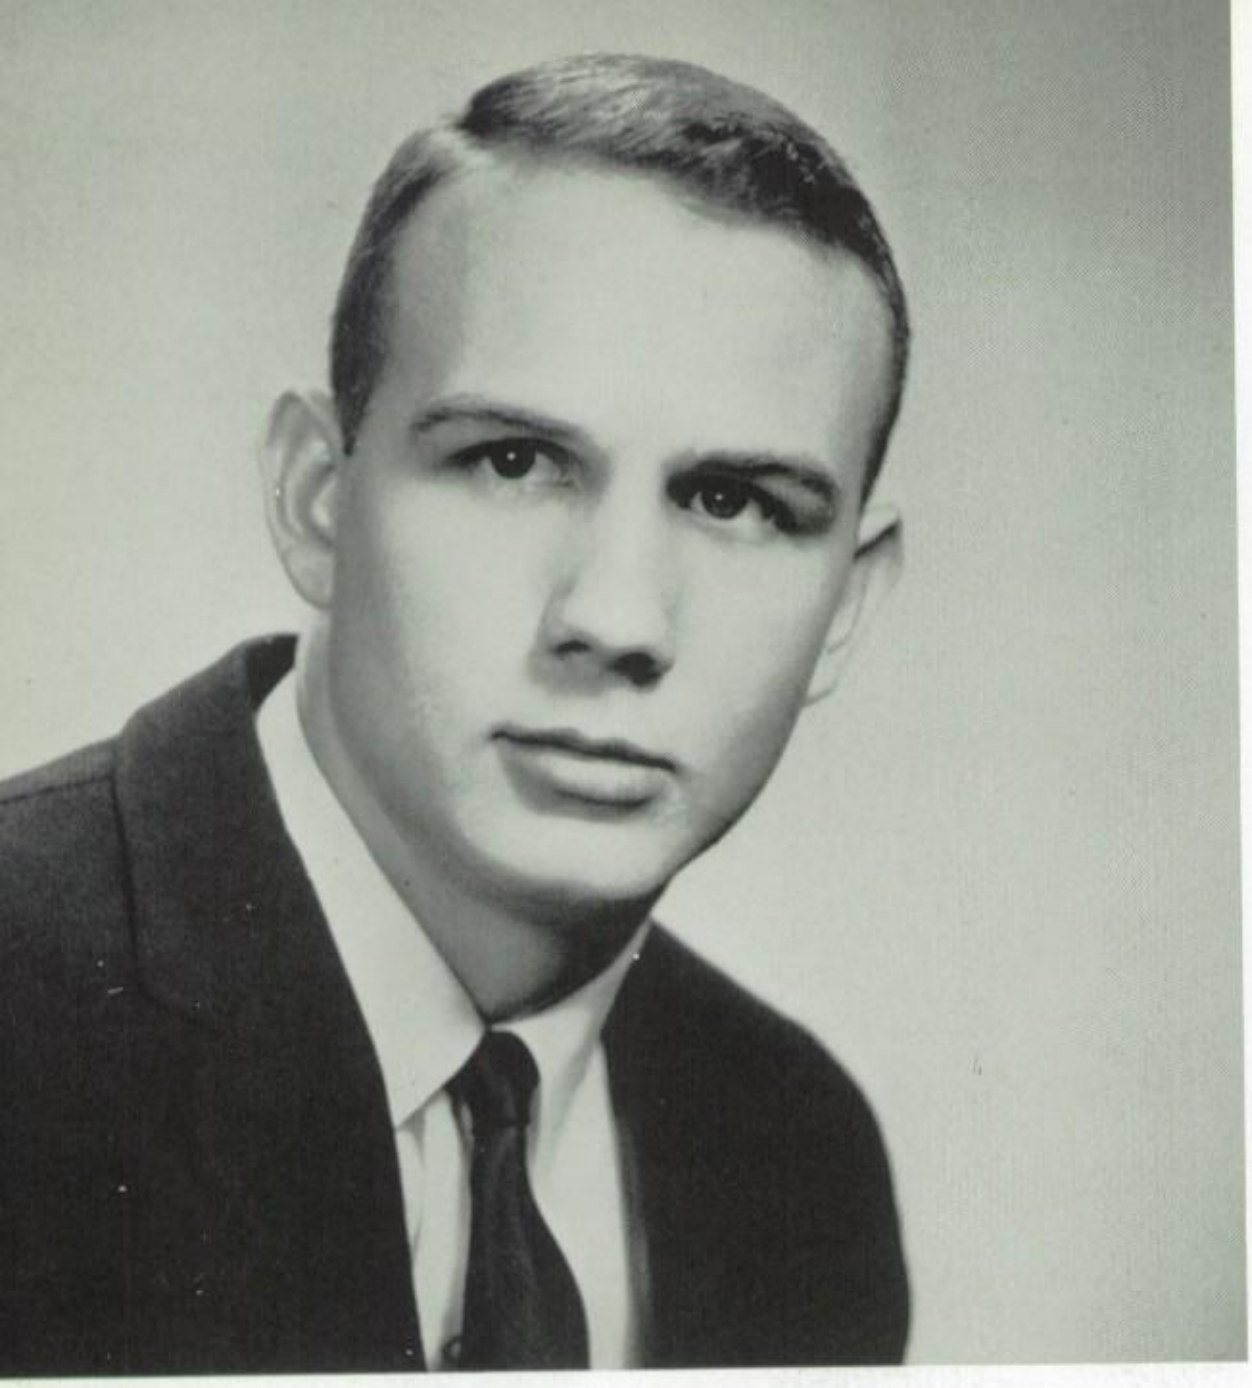
SENIORS



Outstanding

Joe Davis

Joe is dependability; he undertakes all jobs with zest and a purpose. He is a young man who is going places. His efficiency as president of the senior class is known by all students and faculty. Joe seems easy-going and quiet; yet he is dynamic in all activities of which he is a member.

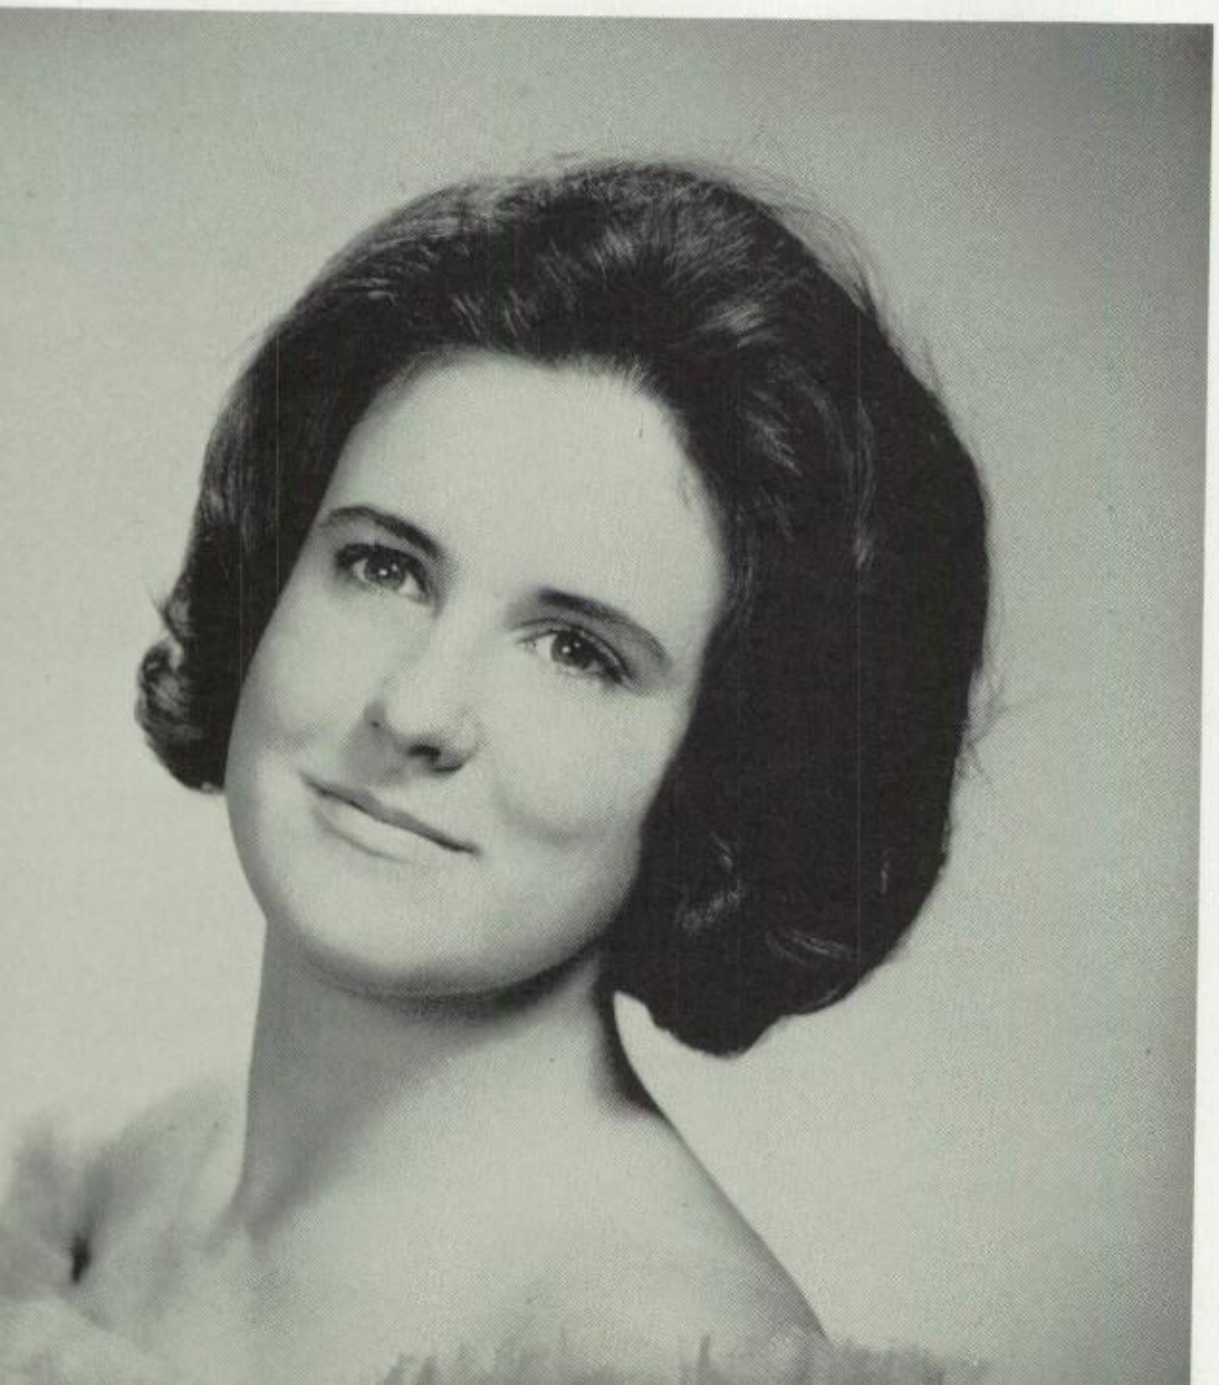
Lana Harris

Lana, while leading the student body through a busy year, has displayed such qualities as responsibility, poise, intellect and natural beauty. Lana has shown that femininity and strength are compatible. She meets any situation with the dignity and grace so becoming a lady.

Seniors

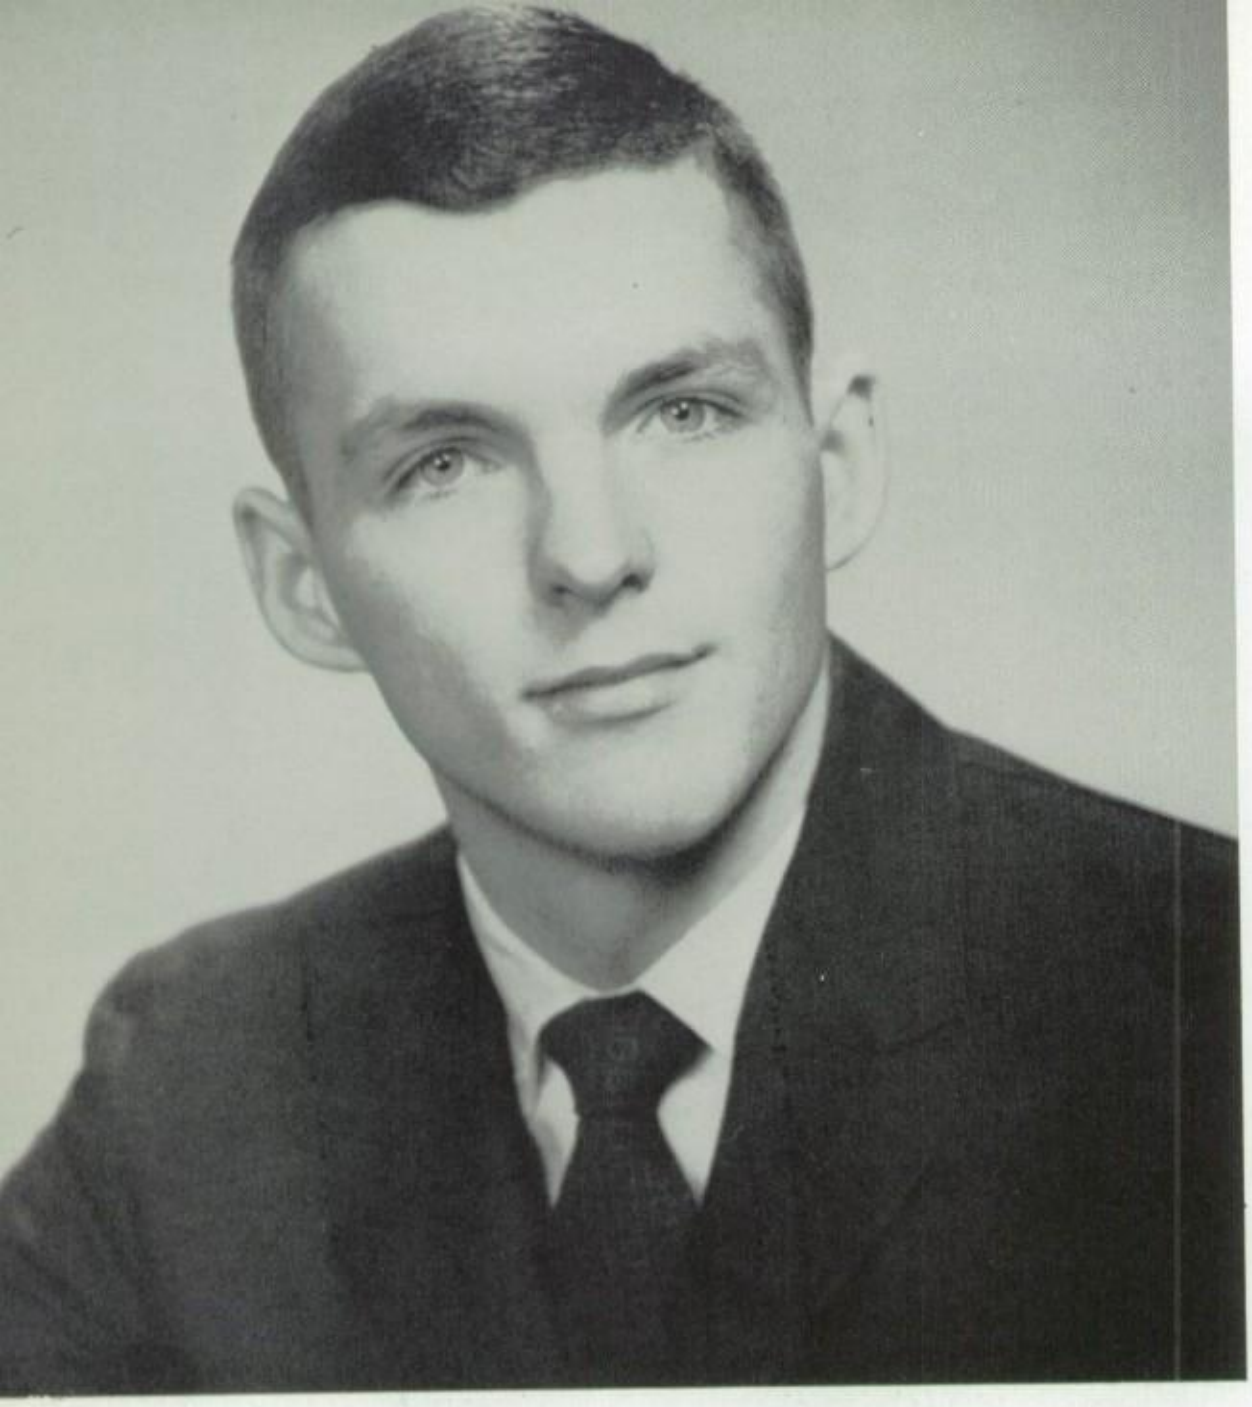
Richard DeLoach

Dick is level headness. He has shown the quality of leadership through his work as an important part of the Student Court. His polite ways make him a true gentleman. Dick is distinctive—able to rise above the common din and carry on with a cool but contagious confidence.



Barbara Smith

Barbara has the force and determination which have been of great service in producing this CONFEDERATE. Her impression has been one which will cause the school to remember clever subtlety, a pleasant laugh, and—at times—a snapping wit. Whatever the situation, Barbara is more than its equal —a leader in confusion, a pacifier in trouble, and always a considerate, stabilizing force.



Outstanding

Neal Floyd

Neal's middle name is versatility. Always a match for any situation, Neal is a combination of sincerity, cheerfulness and just plain hard work. His capacity for getting a job done is quite evident—whether in Thespian activities, managing the basketball team, or working in the main office.

Dana Mero

Dana is the epitome of warmth and friendship. Her cheerful yet firm attitude has enabled her to accomplish any task set before her. Her unruffled composure and serene demeanor have contributed to a stability of leadership very much in evidence as she presides over the Future Homemakers Club.

Seniors

Esmond Marks

As a natural athlete Esmond has displayed his ability on the football field. Despite the time needed for practice in maintaining his athletic skills, he remains a good student. Esmond is the embodiment of sincerity, warmth and friendliness—the kind that keeps friends. He is the all-American type male.

Judy Watkins

As head cheerleader Judy is the personification of vitality. She has the spirit that draws the greatest possible amount of enthusiasm from people. Sporting fans watching her cheer have sensed that her spirit and friendliness are an integral part of Forrest. Her sunny smile will long be remembered.

Council

Obtaining a good education is becoming increasingly important in our society, and our work at Forrest is the foundation of our future accomplishments. I hope that our efforts this year to establish good student government have added substantially to that foundation and will lead to future successes.

It has been a pleasure and privilege to have been associated with the Student Council this year. To be a part of this democratic organization, totally student-run, has been a rewarding experience because of the cooperation of students and faculty.

John Peters
Vice President

All eyes are focused upon us as we step into our new frontier. With great opportunities and demands awaiting us, it is necessary to remember that our responsibility is not only to ourselves but also to others.

Understanding and practicing good government, participating in civic affairs, and most important, constantly re-evaluating old ideas and keeping our minds open to new concepts, are the major ways to accept this responsibility. Democracy cannot exist without educated men.

EDUCATION

That person has not yet lived, who could value a good education in dollars and cents!

Our Democratic form of Government has provided Institutions of Learning to serve our children of all ages. We owe it to ourselves to properly educate our Youth—to insist that they avail themselves of these Educational Opportunities.

The future destiny of our Nation is determined by the education given our children today!

We Proudly Recognize You — Our Advertisers . . .

On behalf of the 1965 *Confederate* Annual Staff, I would like to express our sincere appreciation to the many business firms who helped make this annual possible. Contacting these fine businesses has been most gratifying.

Working with the sponsors and being a part of the student staff has given us great satisfaction.

With regret we leave Forrest, and at the same time relinquish this experience to the Rebels of following years.

And Yet There Is More . . .

This is a year of life at Forrest and what a year it has been! The achievements and victories still tempered with the bitterness of defeat, each adding its dimension to the mould of character which these years bring. The thrills of anticipation toward cherished events yet the heartbreak at the sternness of grades not quite met—each event adding its page and stamp to character.

And yet there is more . . . the temptation, always strong, to look backward in the nostalgic memory of these transparent years yet constantly impatient to be on with the next turn of the road and its vista of the new horizon, the new challenge, the real test—all this is the why of the struggle, the reason for victory and defeat, the tears suddenly fed to laughter, and the bright new hope of always—the new horizon. This was the real Forrest. This is the real victory for tomorrow and all tomorrows to come with the ever more cherished thought—there is more ahead . . .
